

Autistic & in Love

Written by Gayle Nobel

This is an inspiring story about Lindsey Nebeker and Dave Hamrick who are both autistic.... and in love. Here's how they came together, and how, side by side, they face the world. Another reminder about how expanding the walls of society's box can work, be meaningful, fulfilling, and beautiful. This story is very much worth reading from beginning to end.

[They're Autistic-- and They're in Love](#)
